SuiteLinq™ Chooses KeyLink Solutions™ as Exclusive Business Center Services Provider

EXTON, PA (February 18, 2010) – SuiteLinq, Inc., provider of multiplatform interactive and entertainment solutions for hospitality and extended-stay environments, has chosen KeyLink Solutions, the nation's premier provider of 24/7 automated business centers, lobby PC's, and kiosk workstation solutions as their exclusive partner in delivering innovative and cutting edge business services to their clients. KeyLink's user friendly security software, custom design center, and high level of personalized 24/7 guest and staff support will enable SuiteLinq to provide a complete and efficient business center facility in addition to their existing array of in-room and on-site interactive services custom designed to meet the needs of hotel guests. Hotels have the option to provide guests with free or pay-per-use computers with Internet access, Microsoft Office software, airline boarding pass printing services and more, all designed to equip modern travelers with a mobile office away from home.

KeyLink's President and CEO, Robert Basulto, states that, "I'm excited to have SuiteLinq as our new alliance partner so that we can utilize both companies' complementary products and service to better service our clients."

The ability of each company to serve the unique and emerging needs of hotel guests makes this an ideal alliance, according to SuiteLinq's CEO, Joseph Mustilli. "We know that modern hotel guests expect to have a wide variety of digital amenities available to them during their stay or even if they are just passing through the lobby. SuiteLinq has provided these innovative services in-room for some time and now we can deliver the same quality amenity in the business center with KeyLink. They have transformed and improved the business center experience as dramatically as we have in the guest room, so our alliance makes sense on many levels."

For more information about SuiteLinq, contact Darrin Davis, Vice President of Sales, at 703-953-2624, or via email at ddavis@suitelinq.com
