SuiteLinq™ Deploys Video-On-Demand Service at Hotel Monaco Baltimore

Exton, PA (August 11, 2009) – Hotel Monaco Baltimore, Kimpton Hotels & Restaurants' first location in the city, is now welcoming guests with Video-On-Demand service from SuiteLinq, Inc. Located in the heart of Baltimore's downtown area, Hotel Monaco is a four-star property that uniquely reflects the vibrancy of the historic city.

SuiteLinq, the Exton, PA, based provider of broadband and on-demand solutions for hospitality and extended-stay environments, deployed its **Suite VOD™** service in all 202 rooms at the hotel for its recent opening. **Suite VOD** delivers the latest Hollywood releases, music, concerts, and more in standard and high definition formats. Guests can use the remote control to access a variety of interactive hotel information and guest services content via a custom-branded interface.

For more information about SuiteLinq, contact Darrin Davis, Vice President of Sales, at 703-953-2624, or via email at ddavis@suitelinq.com

About SuiteLinq

SuiteLinq, Inc. serves the needs of the hospitality and extended stay industries by providing integrated, on-demand entertainment and business productivity solutions that deliver The Ultimate In-Room Experience for guests and new revenue streams for property owners. The solution takes full advantage of preference driven interfaces, contextual mapping, and product matching by integrating with legacy PMS, POS, and CRM systems. SuiteLinq's core service offering is comprised of turn-key components that can be installed individually or as a package:

SuiteLinq™ – A customized portal running on an in-room computer with high-speed Internet offering a variety of interactive guest services, free content, and pay-per-access features and entertainment

SuiteCast™ – Free-to-guest broadcast and cable TV channels

Suite VOD™ – Hollywood movies, informational programs, and a variety of pay-per-view Video-On-Demand content delivered in standard and high-definition formats

SuiteLinq™ Mobile – Connect with guests before, during, and after their stay to drive deeper engagement, promotions, and new commerce opportunities

Microsoft Surface™ – Multi-touch interactive tables that enhance concierge services and on-site commerce
